CKA-certified DevOps Engineer at Sonic Healthcare working on CI/CD standardisation across a large healthcare enterprise. Experience migrating and onboarding application pipelines onto an Ansible-based deployment framework spanning Kubernetes, Docker, Azure DevOps and Octopus Deploy. First Class Honours in Advanced Computing (University of Sydney). ITIL 5-certified with hands-on incident response experience.

WORK EXPERIENCE

Junior DevOps Engineer - Sonic Healthcare

May 2022 – Present

Sydney · Full-time

- Onboarded and migrated 50+ application pipelines onto Sonic's Ansible-based CI/CD framework, standardising delivery across Azure DevOps/TFS, Kubernetes and Octopus Deploy
- Migrated legacy non-Kubernetes applications (Angular/IIS) into the framework using Docker-based artifact extraction, enabling automated Octopus deployments without platform rewrites
- Built a custom Golang templating tool generating Ansible, Azure DevOps and Tanzu configs, cutting pipeline setup and management time by 50% and simplifying upgrades and feature requests
- Developed reusable framework components adopted across projects, including a framework-level Node image detection task and custom Python (Ansible filter plugin) logic
- Integrated SonarQube and Snyk across the microservices estate; managed SonarQube project configuration and vault-based secrets across product suites
- Provide incident response in ServiceNow; built SLA-compliance and backlog-prediction dashboards used by the support team

Educational Manager - STEMLOOK

Jan 2022 – Present

Sydney · casual

- Designed and delivered coding, robotics and AI curriculum for K–Year 10, including a 5-part AI series covering neural networks, CNNs and model evaluation
- Built an Airtable-based automation system for enrolments, class scheduling and parent communications across three centres, replacing manual workflows
- Coordinate educators and operations across three locations: enrolment cycles, scheduling, parent-facing communications

EDUCATION

Bachelor of Advanced Computing (Honours), First Class

University of Sydney · 2024

Major: Computational Data Science

Minor: Cognitive Psychology

Honours thesis: MASCoT — multi-aspect sentiment analysis using BERT and contrastive learning (87% accuracy, Honours Class I)

IB Diploma

Neerja Modi School · 2020 · 41/45

CERTIFICATIONS

Certified Kubernetes Administrator, 2026

ITIL V5 Foundation, 2026

AWS Solutions Architect - Associate, in progress (2026)

SKILLS

CI/CD & DevOps

Ansible, Azure DevOps, TFS, Octopus Deploy, Helm, Terraform, ArgoCD, GitOps

Security & Quality

SonarQube, Snyk, Beagle, HashiCorp Vault

Platforms & Infrastructure

Kubernetes (CKA), Docker, Harbor, VMware Tanzu, AWS, Azure, Linux, Nginx, IIS

Languages & Scripting

Golang, Python, Bash, PowerShell, SQL, YAML, JavaScript

APIs & Data

Kong API Gateway, REST APIs, Postman, Valkey/Redis

Ops & Monitoring

ServiceNow (ITIL), Grafana, Jira/Confluence, Git, Airtable automation
